The Biblical Counseling Ministry of Bethany Baptist Church exists to make a difference in the lives of the counselees and to be an extension of the Pastor in his ministry to the church and community. We do this by presenting the Gospel message to hurting individuals for healing and growth, and by using the Bible to help identify the causes of life's problems and to provide solutions that will help the individual overcome life patterns that may be destructive.

Psalm 107:19-20 Then they cried out to the Lord in their trouble, And He saved them out of their distresses. He sent His word and healed them, And delivered them from their destructions. NKJV
